ABOUT ME

23 years.

Driving license B

Sports practiced

Hand-Ball (Championnat
départemental Sénior)

Snowboard

Hobbies

Video games

Training

2022 - 2023

1 year at Monash University in Australia. I went to this school as an exchange to improve multiple skills (English, Algorithm and Math, Game Programming ...)

2019 - 2022

3 years at EPITECH Montpellier (Learning and deepening the language C, C++, Haskell, Unity)

2018 - 2019

Preparatory class for the Grandes Ecoles, PC series at the Joffre high school in Montpellier

Experiences

2022 - 2023 – Monash, Clayton Australia

- 'Game Design' and 'Game Programming' units, working 2 different games on Unreal.
- 'Immersive Environment', 3D Modeling and texturing of full game scene
- 'Parallel Computing' improving my multi-threading knowledge in C/C++ using MPI.
- 'Algorithm and Data Structure' unit, learning how to optimize algorithm and working behind a certain Big O notation (for sort or pathfinding for example)

2019 - 2022 - EPITECH Montpellier (private computer school)

- Multiple development projects in C, C++, Haskell as part of my training (linux, mathematics, graphics, etc.). See Github account.
- Multiple Graphic-oriented personal project. See portfolio (<https://hrothgor.github.io/>).
- Realization of my own graphic engine in OpenGL that I reuse in my graphic projects.

2020 - Septeo Genapi (4-month internship from September to December)

- Progress on the Talent project. Back (C#), Front (HTML CSS et TS), DB (SQL)
- Agile method practiced within a team of 9 members.
